## A Bowl of Tea, a Journey Within

A tea ceremony workshop to embrace the breeze of early summer

There is a quiet stillness in every bowl of matcha.

A gentle moment that feels like a small journey of the heart.

This early summer, we welcome Tea Master **Soyu Mukai** for a special workshop offering a deep experience of the world of tea.

With the theme “Travel and Tea,” participants will observe the tranquil movements of a tea ceremony and try preparing a bowl of tea themselves.

You will also explore how matcha can be enjoyed in outdoor settings—on a terrace or in the open air—while savoring the season's gentle atmosphere.

The spirit of chadō, the way of tea, offers a quiet journey that transcends time and place, gently centering the heart.

And in the moment you prepare a bowl with your own hands, a quiet stillness begins to unfold within.

This program is curated and presented by [Haraiso](#) as part of its ongoing cultural event series, and will be held at the [AKA- The essence of Japan by Toyota](#). We are honored to welcome **Soyu Mukai**, professor of the Urasenke tradition. She has spent decades sharing the way of tea both in Japan and abroad, including long-standing programs at the Rietberg Museum and the Japanese Embassy in Bern. In 2019, she was awarded the Japanese Foreign Minister’s Commendation for her cultural contributions. This workshop is truly a rare and precious opportunity.
